

Altimira Activity Code (2008-09)

Any student who chooses to participate as a member of an extra-curricular, school sponsored organization must abide by this code and any other published rules of the school organization.

The provisions of this code are:

1. A student must maintain a grade point average of 2.0 or better and must be passing in all classes at the time of "grade check". A grade check is defined as a progress report OR report card done school wide during the current season. Students falling below this standard will be placed on probation from the team for two weeks (14 calendar days). The player is expected to practice and attend games, but may not play. After the probationary period, a grade check will be made to determine whether the student has become academically eligible. If the student is still not eligible, the player will be removed from the team.
2. A student will be suspended from the team (but must practice and attend games) for four weeks for any of the following:
 - A. Three detentions
 - B. Two alternate day placements
 - C. One out-of- school suspension (School District rules supersede in the case of alcohol or drugs.)

A SECOND INFRACTION WILL RESULT IN PERMANENT REMOVAL FROM THE TEAM
3. A student who cuts one period or more during a week cannot participate in the next competitive event.
4. Tardiness or poor classroom behavior will also have a bearing on participation in an activity. Upon recommendation by a teacher, administrator or coach a student may be suspended from an activity.
5. A student who fails to finish the season shall forfeit any athletic letter or award.
6. All decisions involving this code are reviewable and a student may request a hearing/conference.

We have read and understand the Activity Code.
